

## **Job Description: Spring Boot Java Developer**

**Position:** Spring Boot Java Developer

**Location:** Hybrid, Base Location Pune

**Employment Type:** Full-Time

**Experience Required:** 3-5 Years

### **About the Role:**

We are seeking a highly skilled Spring Boot Java Developer to join our dynamic team. The ideal candidate should have a strong background in developing microservices and a preferred experience with Azure cloud. You will be responsible for designing, developing microservices. This is an excellent opportunity to work on cutting-edge technologies and contribute to innovative projects.

### **Key Responsibilities:**

- Design, develop, and maintain robust and scalable microservices using Spring Boot.
- Implement and manage serverless functions using Spring Cloud.
- Collaborate with cross-functional teams to define, design, and ship new features.
- Ensure the performance, quality, and responsiveness of applications.
- Participate in code reviews and provide constructive feedback to team members.
- Troubleshoot and resolve complex technical issues in a timely manner.
- Stay up-to-date with emerging technologies and industry trends.

### **Qualifications:**

- Bachelor's degree in Computer Science, Engineering, or a related field.
- 3-5 years of experience in Java development with a focus on Spring Boot.
- Proven experience in developing and deploying microservices.
- Preferred experience with Azure cloud services and tools.
- Strong understanding of Spring Cloud and serverless architectures.
- Experience with RESTful APIs and web services.
- Knowledge of containerization and orchestration technologies (e.g., Docker, Kubernetes) is a plus.
- Familiarity with CI/CD pipelines and DevOps practices.
- Excellent problem-solving skills and attention to detail.
- Strong communication and teamwork skills.

### **Preferred Skills:**

- Experience with other cloud platforms (AWS, GCP) is a plus.
- Familiarity with front-end technologies (e.g., Angular, React) is advantageous.
- Knowledge of database technologies (SQL, NoSQL).
- Understanding of security best practices and OIDC (OpenID Connect).

**What We Offer:**

- Competitive salary and benefits package.
- Opportunities for professional growth and development.
- A collaborative and innovative work environment.
- Flexible working hours and remote work options.

**How to Apply:** Interested candidates are invited to submit their resume and a cover letter detailing their relevant experience and qualifications to [recruitment@scalean.io](mailto:recruitment@scalean.io).
